

PLANNING GRID

HELLO PLANNER

To make the right plan you need to examine seven basic steps. The mission, the priorities, the assets, the limitations, the methods, the execution, and the evaluation. Let's start planning strategically!

SCOPE		OUTCOME		MISSION	MACRO		MICRO			
ACCESS		RISKS			PRIORITIES	SKILLS		RESOURCE		
		External				LIMITATIONS	ACTIONS		TIMELINE	
		Internal			METHOD					
MILESTONES		ADJUSTMENTS					EXECUTION			
					EVALUATION	OUTCOME		ANALYSIS
